EXAMINER'S AMENDMENT

An examiner's amendment to the record appears below. Should the changes and/or additions be unacceptable to applicant, an amendment may be filed as provided by 37 CFR 1.312. To ensure consideration of such an amendment, it MUST be submitted no later than the payment of the issue fee.

The application has been amended as follows:

Claim 16, line 2 should be replaced with "a remote control, wherein the remote control determines a last channel to which a"

This is because "the television" was not mentioned in the claims before line 3.

Claim 16, line 9: Word "-the" should be replaced with "the".

Allowable Subject Matter

Claims 4-9 and 13-18 are allowed.

The following is an examiner's statement of reasons for allowance: The independent claims refer to a system for determining at a remote control for a television, the last channel that was being tuned to before the television was turned off. If the last channel was a radio frequency modulation channel and the tuner in the set top box is not available to tune to the RF channel, the remote control tunes the television to the previously tuned channel automatically so the user will not be aware of the unavailable tuner. The examiner agrees that the cited prior art does not teach the claimed

invention. A search of the prior art has been completed, and the claimed invention has not been found in the art.

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."
